Good Morning Tony,

I hope you had a nice weekend. I'm reaching out this morning regarding the attached letter from a borough manager in the state. They're looking to meet with someone from the Water Office about an issue they are having with Region 3. I want to make sure a) that you received the letter and b) to see if we can get these guys a meeting with the appropriate person at EPA to discuss their nutrient reduction plan issue. As always, we appreciate your time.

Best,
Wes

Good Morning Tony,

I hope you had a nice weekend. I'm reaching out this morning regarding the attached letter from a borough manager in the state. They're looking to meet with someone from the Water Office about an issue they are having with Region 3. I want to make sure a) that you received the letter and b) to see if we can get these guys a meeting with the appropriate person at EPA to discuss their nutrient reduction plan issue. As always, we appreciate your time.

Best,
Wes

Thanks Sara. Good job.

I make a few comments attached. I also attach the original and highlight those items that have been taken out. Let's discuss those.

BTW, to help my review I borrowed the copy with John's comments from your desk (and have since put it back).

Good Morning Tony,

I hope you had a nice weekend. I'm reaching out this morning regarding the attached letter from a borough manager in the state. They're looking to meet with someone from the Water Office about an issue they are having with Region 3. I want to make sure a) that you received the letter and b) to see if we can get these guys a meeting with the appropriate person at EPA to discuss their nutrient reduction plan issue. As always, we appreciate your time.

Best,
Wes

Thanks for reviewing the document. I think you may have attached the wrong version. Can you please send again when you get a chance?

Jim,
Thanks for your comments and for including a version with the highlighted items I removed. I originally created the document with track changes but had to give up on that option when the formatting became wonky and I needed to start over entirely.

Subject: RE: Following Up Telford

Hi Jim,

Sorry this took me longer than expected. There were some odd formatting issues which slowed down the process. Let me know when you're ready to go over this. Thanks,

Sara

Jim and Sara,

Ex. 5 Deliberative Process (DP)

ALSO- I do need these changes from you by COB Wednesday. We do not feel you need to circle back with the Region on this, as we are really just changing formatting and not context (and also in light of our timeframe ☺).

All the best,

Steph

Good Morning Tony,

I hope you had a nice weekend. I'm reaching out this morning regarding the attached letter from a borough manager in the state. They're looking to meet with someone from the Water Office about an issue they are having with Region 3. I want to make sure a) that you received the letter and b) to see if we can get these guys a meeting with the appropriate person at EPA to discuss their nutrient reduction plan issue. As always, we appreciate your time.

Best,
Wes

Importance: High

Chris - see request below from John to have a briefing on Telford tomorrow (Friday) or Monday on potential next steps and the Region's/our/OGC's responses to the assertions in Hall's letter.

That said, please get a meeting time on the calendar with John - I'm thinking Monday would be ideal in order to allow you time to work content with Jim Havard tomorrow when he's back in the office. I'm thinking you, Jim, Sara and Tom from WRAPD. I defer to you on whether to invite OGC and the Regions.

Cheers

Do you have a few moments to put into writing some big picture messages to the Indian Creek Background paper we are preparing for John? Akin to the messages you shared with us over the phone yesterday.

If so, you could put them in an email and I'll add them to sharepoint document, or you could directly add to sharepoint document (see link in email below)

Jen and Steph,

I am wrapping up addressing Jim H's edits to the Telford briefing materials before we resend them to John this morning. He had one comment that I could use your help addressing.

Good Morning Tony,

I hope you had a nice weekend. I'm reaching out this morning regarding the attached letter from a borough manager in the state. They're looking to meet with someone from the Water Office about an issue they are having with Region 3. I want to make sure a) that you received the letter and b) to see if we can get these guys a meeting with the appropriate person at EPA to discuss their nutrient reduction plan issue. As always, we appreciate your time.

Good Morning Tony,

I hope you had a nice weekend. I'm reaching out this morning regarding the attached letter from a borough manager in the state. They're looking to meet with someone from the Water Office about an issue they are having with Region 3. I want to make sure a) that you received the letter and b) to see if we can get these guys a meeting with the appropriate person at EPA to discuss their nutrient reduction plan issue. As always, we appreciate your time.

Best,
Wes

Sure. I checked CMS and we don't have this letter in the system...yet.

There is likely to be an internal call to discuss.

Sen. Toomey also inquired about whether the meeting requested in the letter has been scheduled.
